Mr. Cal Henderson
Slack
155 5th Street,
San Francisco, CA 94107

Dear Mr Henderson,

I am writing this letter to show my keen interest in Slack. I will be quitting my current position at Alpaca.ai in less than 2 months, and I'm now looking for working in the areas that passionate me most: Productivity, Efficiency and Education. I've been using Slack for more than a year, and it has helped me tremendously for several projects, professional and personal. Along with my Master's Degree in Computer Science from SUPINFO and 8 years' experience in the field of IT, I am confident in my ability to become an essential member of the Slack team.

From my experience in startups such as Aquasys and Alpaca.ai, I've had opportunities to work at every steps of a software development process, from System administration to Front-end development, Management and Mentoring. I have a great disposition for learning, and am always working on improving my productivity and efficiency to allow me handling a number of activities I'm passionate about. I strongly believe the position as Engineering Manager - QA would suit me perfectly.

It would be a great pleasure to meet with you in an interview to discuss my qualifications and experience in detail. Although I'm living in Osaka and do not plan to relocate before a couple years, I would be perfectly operational working remotely with a few trips every year to San Francisco to get some quality time with the team.

Thank you for your time and consideration, I look forward to speaking with you further.

Sincerely yours,

Adrien Lemaire
