Mr. Daniel Zohar
Memrise Ltd,
33 Wadeson Street,
London,
E2 9DR

Dear Mr Zohar,

I am writing this letter to show my keen interest in Memrise. I will be quitting my current position at Alpaca.ai in less than 2 months, and I'm now looking for working in the areas that passionate me most: Productivity, Efficiency and Education. I've been using Memrise for more than three years, and it has helped me tremendously to learn many subjects, especially japanese. I'm aware that Memrise doesn't have any opening at the moment, but being one of my favorite learning tools, I'd really like to join you and help making it even better. I'm hoping you might have opportunities coming up within those 2 months. Along with my Master's Degree in Computer Science from SUPINFO and 8 years' experience in the field of IT, I am confident in my ability to become an essential member of the Memrise team.

From my experience in startups such as Aquasys and Alpaca.ai, I've had opportunities to work at every steps of a software development process, from System administration to Front-end development, Management and Mentoring. I have a great disposition for learning, and am always working on improving my productivity and efficiency to allow me handling a number of activities I'm passionate about.

It would be a great pleasure to meet with you in an interview to discuss my qualifications and experience in detail. Although I'm living in Osaka and do not plan to relocate before a couple years, I would be perfectly operational working remotely with a few trips every year to London to get some quality time with the team.

Thank you for your time and consideration, I look forward to speaking with you further.

Sincerely yours,

Adrien Lemaire
