Dear Mr Rakusai,

I am writing this letter to show my keen interest in Nota Inc. I will be quitting my current position at Rakuten Inc in a month, and I'm now looking for work in the areas that passionate me most: Productivity, Efficiency and Education. I have been very pleased to meet you at the HN Kansai #36 on November 27th. I discovered Gyazo there, and have been using it ever since. I would love to join your team and help you improve existing products and make awesome new ones. Along with my Master's Degree in Computer Science from SUPINFO and 8 years' experience in the field of IT, I am confident in my ability to become an essential member for the Nota team.

From my experience in startups such as Aquasys and Alpaca.ai, I've had opportunities to work at every steps of a software development process, from System administration to Front-end development, Management and Mentoring. I have a great disposition for learning, and am always working on improving my productivity and efficiency to allow me handling a number of activities I'm passionate about.

It would be my greatest pleasure to meet with you in an interview to discuss my qualifications and experience in detail. Thank you for your time and consideration, I look forward to speaking with you further.

Sincerely yours,

Adrien Lemaire
