Experience

DU Engineer, Rakuten, Inc

Working on O-net, first serious match-making service in Japan with more than 43,500 regular members, I've been in charge of a very large PHP/Symfony migration project. I also successfully handled several missions such as a security Audit.

Engineer, Ikkyo Technology K.K, AlpacaDB Inc

Worked on every steps of the development process, from Core Design to Implementation and Testing, CI & QA, Networking and System Administration.

- ▷ Labellio, a deep learning image labeller & model trainer.
- ▷ Iromo, shopping experience by searching similar fashion items by color and patterns.
- ▷ Data-analysis and R&D missions for several large customers.

Director of Technology, Aquasys G.K.

First started as Software Engineer, then got promoted to Director of Technology, supervising all technical operations, making the best out of my teammates skills and mentoring them to enhance their experience.

- ▷ Developed a generic framework for market-places such as Uruma-work.
- ▷ Hired and Trained freelancers to work on various projects.
- ▷ Managed Odoo (ex-OpenERP) operations.

Web Developer, Fry, Inc

After 6 previous jobs in the IT sector, Fry enabled me to graduate from a junior developer into a full-fledged Web developer.

- ▷ HTML4&5, CSS2&3, JS (jQuery, NinjaUI)
- ▷ Django, PostgreSQL, RabbitMQ, Celery, Nginx, uWSGI, Unicorn
- ▷ TDD, Kata, Debugging practices

Education

2006-2011

🌐 France / Canada / UK

International Master of Science,
Supinfo International University

2009-2010

🌐 USA

Certificate in Operating Systems Development, Dominican University of California
